Customer Action Requested

Unfortunately, the parts to build the PPC TxBR units are no longer available. Beijer Electronics is unable to build or repair new or existing units.

Replacement Products

The PPC TxBR units are 7” and 15” color-display, panel mount panel PCs – based on Windows Embedded Standard 7 (WES7) operating system. The **recommended replacement** is one of the PPC TxC products (WES7 or Windows 7) which are offered in 12”, 15” and 21” sizes. Information on these product can be found at https://www.beijerelectronics.com/en/Products/Operator_panels/Previous_models. The PPC TxC models are designed for more controlled environment, not for hazardous or extreme environments as were the PPC TxBR models.
