Beijer Electronics will accept purchase orders for the below-mentioned EOL products through LTB date which are non-cancelling. Purchase orders after the LTB date will not be accepted. The purchase order can be scheduled with different delivery dates through the LTD date. No deliveries will be done after the LTD date.

Handheld Operator Panels Subject to End of Life

Handheld HMIs Subject to EOL		Suggested replacement articles (not necessarily 100% compatible)
Model	Part Numbers	
QTERM-G56	All which have part numbers in the QTERM-G56/xxxx or QTERM-G56/xxxxR format (the Qlarity versions.) ²	QTERM-G55 ¹
QTERM-G58	All which have part numbers in the QTERM-G58/xxxx or QTERM-G58/xxxxR format (the Qlarity versions.) ²	QTERM-G55 ¹

¹ QTERM-G55 is a Qlarity unit, as are the G56/58 units. G56/58 projects should compile to run on the G55, however the displays are slightly different:

-- G55 display: 320×240 pixels, LCD transfective FSTN grayscale LCD display measuring 3.8" (96 mm) diagonal.

-- G56/58 display: 320×240 pixel color transfective sunlight readable TFT LCD display measuring 3.5" (89 mm).

The G55 is tethered-only unit (wireless is not available). The cost of a G55 unit should be around 20% less than a similar G56 unit. G55 landing page: <http://beijerinc.com/product/industrial/qterm-g55.php>.

² An EOL notification for the CE versions of the QTERM-G56 and -G58 was issued on 10 March 2014; see http://beijerinc.com/pdf/eol/End-of-Life-Notification_QTERM-G56-G58-CE-versions.pdf.

Thank you for your attention to this End of Life notification. If you have any questions or concerns, please do not hesitate to contact your regional Beijer Electronics representative.

Sincerely,

Product Management
